

The student and their family/caregivers assume full financial responsibility for the iPad in the event of damage, loss, theft and any other instance of negligence and/or abuse. The replacement cost for the iPad and accessories may be as much as \$900. It is expected each student will have their own insurance to cover the iPad, protective case and any other accessories which may be damaged.

No repairs or maintenance of products purchased will be managed or supported by Woodland Grove Primary School.

All families providing an iPad for this program must complete the attached form indicating you have personal insurance coverage for your iPad or are aware of your individual need to organise your own insurance.

Whilst all care will be taken by the staff of Woodland Grove Primary School, **the school is not responsible** for any damage which may occur.

You may already have iPad coverage through your current insurer, however, please consider the following points to ensure yourself you have adequate coverage. Coverage may also be obtained under personal homeowners or renter's policy or extended coverage via credit cards.

When shopping for iPad insurance, there are several key factors to be considered. Some of these include:

- Secure Funding – Go through a reputable insurer
- Coverage – What does the policy cover? For example, some policies cover accidental damage, but not theft. Water damage may be covered but the extent may vary. Does the policy cover deliberate damage?
- Excess – How much will you have to pay each time you make a claim? How many claims are you able to make during the policy term?
- Cost – You should select the most cost effective and comprehensive cover you feel is adequate for your situation.

iPads purchased through Winthrop Program

Winthrop has a specific process for support and repair if required.

iPads purchased through the Winthrop Program without insurance

Parents will need to access their own insurer's processes.

My child _____ from class _____ will be participating in the Woodland Grove Primary School, Year 4 & 5 BYOD (iPad) Program.

Child's iPad

My child's iPad has been / will be purchased from (please tick):

☐ Winthrop Technology

or

☐ Other sources

Insurance

☐ I have purchased insurance through Winthrop Technology

☐ I have made arrangements for my child's iPad to be covered by my insurance policy and I understand that private insurance is my **only** option to claim for any damage which may occur.

Identification

☐ I have clearly marked / labelled my child's iPad with my child's name
