

Dear Parent and/or Guardian,

As a part of our Bring Your Own Device (iPad) Program we require your consent to allow us to prepare your child's iPad on school site and install specific profiles on their iPad.

We ask for this for two reasons:

1. To allow us to adequately distribute and manage your child's iPad by using specific management profiles
2. To allow us to adequately restrict and monitor your child's iPad by using specific management profiles

The management profiles we will be installing onto your child's iPad are deployed by Meraki and Apple School Manager. Meraki is a Mobile Device Management tool that gives us the ability to monitor and restrict the iPad. For more information please refer to our BYOD Information Document.

Apple School Manager is another management tool that allows us to supervise and manage your child's iPad by loading a profile onto it. This profile has been designed by our Technology Team, tailored to enhance their learning experiences at our school. In order for us to load this profile we require your consent to temporarily take "ownership" of the iPad for the remainder of your child's schooling year/s at Woodland Grove Primary School. This is a requirement from Apple to ensure that the original device owner is aware Apple School Manager is being installed and is due to the level of control we will have over the device.

At the end of your child's school year/s at Woodland Grove Primary School, your child's iPad will be removed from Meraki and Apple School Manager, taking away the management and restrictions.
